# MIDWEST LIVESTOCK REVIEW

## and

### RANGE AND FEEDLOT SALES

The week's price trend on slaughter steers was steady to 75¢ higher at most midwest markets with sales at Chicago 75¢-\$1.50 up. Slaughter heifers closed steady to 25¢ higher aside from the 50¢-\$1.00 upturns at Chicago. The advance was stimulated by higher prices on steer and heifer carcasses. However, lower trends on cow beef influenced 25-50¢ declines on slaughter cows at most points. Stocker and feeder cattle and calves sold mostly steady at midwest points, instances 50¢ higher. Barrows and gilts closed 50¢-\$1.00 higher under the influence of the third consecutive week of higher prices on dressed pork. Slaughter lambs sold weak to \$1.00 lower with sharply lower dressed prices a major factor contributing to the downturns.

**SLAUGHTER CATTLE AND CALVES** - Reduced slaughter steer and heifer supplies coupled with a moderate advance on carcass beef influenced upturns in steer and heifer prices. Sharp declines the previous week and non-koshering Jewish holidays the latter part of the week in review prompted producers to curtail marketings. Receipts at the 12 terminals were the largest since October, 1959, but this was attributed to increased marketings of cows and stockers and feeders. Slaughter steers were generally steady to 75¢ higher with the greatest advance on the average-Good to Prime grades. At Chicago steers sold 75¢-\$1.50 higher with supplies there the smallest since early April. Slaughter heifers were mostly steady to 25¢ higher and 50¢-\$1.00 up in Chicago. Increased numbers and lower wholesale cow beef prices contributed to a 25¢-50¢ decline in live cow prices. Bulls were 50¢-\$1.00 lower. Vealers sold steady to \$1.00 lower in St. Paul and steady at St. Louis. Slaughter steers and heifers continued to make up the bulk of the receipts at most points with the Good and Choice grades predominating. The percentage Prime in the steer supply at Chicago fell from 16 percent to 10 percent and there was a very limited number grading high-Choice and Prime at other terminals.

A load of Prime 1178# steers brought \$27.25 in Chicago where the bulk of the Choice and Prime grades sold at \$24.00-26.50, several loads Prime 1150-1400# \$26.50-26.75. At other points a few loads of high-Choice and Prime steers cashed from \$24.50-26.00. Bulk Choice steers \$23.50-24.50, Good and low-Choice \$21.50-23.50, Standard and low-Good \$18.00-21.50. High-Choice and mixed Choice and Prime slaughter heifers sold at \$23.75-24.50 with 2 loads mostly Prime \$25.00 in Chicago. Choice heifers bulked at \$22.00-24.00; Good \$20.00-22.50. Utility and Commercial cows realized \$12.50-15.00 with a few from \$15.50-16.00 while Canners and Cutters brought \$10.50-13.50.

**STOCKER AND FEEDER CATTLE AND CALVES** - Seasonally large volume marketings of stockers and feeders continued in full swing. Receipts at midwest markets were fully as large as in the previous week and somewhat above the same week a year ago when adverse weather conditions tended to curtail numbers. Marketings of stock calves were somewhat larger than in other recent past weeks, but this class continued in relatively moderate supply. The preponderant supply of 550-950# yearling and two-year-old steers included a liberal showing of Choice grade. Trading was fairly active in the midwest with prices generally maintained on a steady basis, instances as much as 50¢ higher. However, at Denver, where supplies were largest thus far this season, the trend was 25-50¢ lower, instances \$1.00 lower.

Bulk Good and Choice 525-700# yearling stock steers brought \$22.00-25.50, moderate numbers in the lower end of the Good grade \$21.00-21.50 and few loads high-Choice \$25.75-26.00. Numerous shipments of Choice yearlings were included at \$24.50-25.50. Medium and low-Good stock steers sold from \$18.00-21.50, few Common \$15.00-17.00. At So. St. Paul Choice 800# feeders reached \$25.50 and at Chicago Choice partly fattened 975# steers brought \$23.75. Meanwhile, majority Good and Choice 800-1050# feeders cashed from \$20.50-23.50 with very few over 900# exceeding \$23.00. Medium to low-Good feeder steers sold from \$18.00-20.50. Several loads Choice 550-670# heifers brought \$23.75-24.00, other Good and Choice yearling heifers \$19.50-23.50, majority sales \$20.00-23.00. Few loads Choice 300-425# stock steer calves brought \$28.50-29.00, and a part load 290# cashed at \$30.00. Majority Good and Choice steer calves, however, sold from \$23.00-28.00, small lots of Good \$22.00. Good and Choice heifer calves ranged \$20.00-26.25, most sales \$21.00-25.00.

**HOGS** - Terminal Markets - Hog receipts at the 12 terminals were only 2 percent less than the preceding week, but 19 percent short of the corresponding period a year ago. The run was predominantly barrows and gilts weighing 190-260# with an increase in those averaging 230-260#. Sows comprised between 8-15 percent of the receipts at most markets. Uniform price advances of 50¢-\$1.00 were recorded on barrows and gilts at the majority of midwest markets. Sows were 25-75¢ higher. However, at St. Paul butchers and sows sold steady to 25¢ higher and at St. Joseph sows closed 75¢-\$1.00 higher. Influencing the upturns were \$1.00-2.00 higher trends on most pork cuts.

On Friday, U. S. No. 1-2, and uniform mixed No. 1-3, 190-250# barrows and gilts brought \$18.00-18.75; mixed No. 1-3, and No. 2-3, 190-270# brought \$17.50-18.25 at most points except same

weights and grades at Indianapolis and St. Louis \$18.25-18.65. U. S. 1-3, 270-550# sows sold at \$13.75-16.25, some U. S. 1-2, 250-350# \$16.50 at several markets.

Sales on feeder pigs were generally steady at Sioux City and St. Paul. Good and Choice feeder pigs at both terminals ranged from \$15.50-16.25, some Medium and Good \$15.00.

**HOGS** - Interior Iowa-Southern Minnesota Area - The week's hog receipts were just slightly larger than the previous week, but fully 23 percent less than corresponding week last year. A rather slow daily movement in the face of a generally good demand tended to strengthen prices gradually. Closing sales compared with the previous Friday were mainly 60-75¢ higher on butchers; sows 60¢ to largely 75¢ higher. Mixed U. S. No. 1-3, 200-240# butchers sold late from \$16.85-17.50 with a moderate volume mostly No. 1 and 2 lots at \$17.50-18.00. No. 1-3 270-400# sows sold at \$14.70-16.65, 400-550# \$13.20-15.25.

**SHEEP AND LAMBS** - Receipts of sheep and lambs at the 12 markets were 10 percent more than a week ago and 18 percent over last year. Marketings showed a seasonal increase in shorn slaughter lambs and also included an increased volume of feeder lambs. Rather liberal marketings coupled with lower dressed lamb prices were bearish factors influencing price downturns at many terminals. For the week, slaughter lambs were weak to \$1.00 lower but mainly 50¢-\$1.00 lower at most markets and \$1.00-1.50 off at Chicago. Slaughter ewes were steady. Feeder lambs sold unevenly steady to 50¢ lower.

Choice and Prime 82-113# woolled slaughter lambs sold from \$17.00-18.00 late in the week and to \$18.25 at Denver; mostly Prime lambs reached \$19.00 at Chicago and St. Louis. Good and Choice slaughter lambs brought \$15.50-17.75, mostly \$16.00 up. Choice and Prime 90-113# shorn slaughter lambs with No. 1 and 2 pelts sold at \$17.00-17.75, load \$18.75 at Chicago; most Good and Choice \$16.00-17.00. Cull to Choice slaughter ewes sold from \$2.00-5.25. Good and Choice 60-87# western feeder lambs sold at \$15.75-17.25, 8 loads Choice 68# Wyoming lambs \$17.75 at Omaha, part deck \$18.25; Good and mixed Good and Choice feeders \$13.00-16.00. Good and Choice solid mouth breeding ewes brought \$10.00-13.00 per head.

Sheep and lamb receipts in the Interior Iowa-Southern Minnesota area were 19 percent less than a week earlier, and 13 percent under last year. Slaughter lambs sold 75¢ to fully \$1.00 lower; slaughter ewes steady. Late in the period, Choice and Prime 80-105# woolled and shorn slaughter lambs with No. 1 and 2 pelts sold from \$16.50-17.00; Good and Choice \$14.50-16.50. Cull to Choice slaughter ewes brought \$2.00-4.00.

## WHOLESALE MEAT TRADE REVIEWS

### LESS THAN CARLOT MEAT TRADE REVIEWS

EASTERN SEABOARD - Pork held the spotlight and sold in an active trade with clearances broad. Good demand prevailed for beef rounds, chucks and forequarters, Choice and Prime veal, lamb legs and chuck cuts, while other primal cuts of railstock classes found only moderate outlet. Sales of beef and lamb carcasses were below normal and beef hindquarters met poor demand at some points. Beef supplies were normal at most eastern seaboard centers. Volume of Choice and Prime veal was scarce, other grades as well as calf about normal. Lamb supply was normal at most points, except receipts at New York swelled to liberal proportions through increased offerings from local kill sources partially operating under non-kosher output during holy days.

Steer beef closed steady to 50¢ higher with New York showing the advance; cow beef steady to \$1.00 lower. A weak to \$3.00 lower trend was recorded on veal at Philadelphia while veal sold steady to mostly \$1.00 lower at New York and calf fully \$1.00 lower, otherwise veal prices were steady to \$2.00 higher, the upturn for Choice and Prime at Washington. Lamb prices were steady to \$2.00 lower. Pork loins sold steady to \$3.00 higher and closed at high time of the week, other pork cuts were steady to \$2.00 higher, except spareribs at New York and Philadelphia \$1.00-2.00 lower. Prices were mainly steady for kosher steer forequarters; lamb mainly \$1.00 off; veal and calf closed steady to mainly \$2.00 off.

CHICAGO - Supplies in the beef, lamb and fresh pork divisions were normal, beef for the most part grading Choice. Moderate veal offerings included only a very limited showing of Choice and Prime. Steer and heifer beef trade was only moderately active. Beef chucks and rounds were in good demand, chucks selling \$1.50-2.00 above the previous week's close. Beef loins on the other hand were very slow and inventories in most coolers were burdensome. Loins sold lower, offsetting the advance on chucks. Moderately broad outlet for ribs narrowed somewhat as the week progressed. Choice and Prime veal was readily absorbed, however, other grades which were more plentiful, proved hard to sell. Carcass lamb trade opened moderately active but slowed after Tuesday. Legs cleared at a brisk pace, all interests active, other primal cuts slow. Quoted fresh pork cuts found equal distribution in a fairly active trade. Prices on steer and heifer beef were steady; Choice and Prime veal steady, other grades \$1.00 lower; lamb \$1.00-2.00 lower; pork loins 8-16# \$1.00-1.50 higher; Boston butts steady to 50¢ higher; spareribs 3# down steady.

rather

PACIFIC COAST - Trading was slow on a liberal supply of steer beef. Cow beef was in moderate

supply but generally adequate. Trading was moderately active on an ample supply of calf, however, 150-200# carcasses were limited in Los Angeles. Lamb was adequate for a fairly active trade. Fresh pork cuts were liberal for a slow movement in Los Angeles, but inadequate for a good demand at other points along the Pacific Coast. Smoked pork was slightly liberal for a rather slow movement. Steer beef sold weak to mostly \$1.00 lower, instances \$2.00 off in the Northwest; cow beef mostly steady with instances \$1.00 higher at Los Angeles; calf steady to \$1.00 lower, extremes \$2.00 off; lamb steady in California and weak to \$1.00 lower in the Northwest; fresh pork steady to \$1.00 higher except spareribs \$1.00 lower at Los Angeles; smoked pork steady to \$1.00 higher, the advance generally at Los Angeles, while bacon sold weak to \$1.00 lower in the Pacific Northwest.

## BOSTON WOOL MARKET REVIEW

Sales of greasy domestic worsted wools were limited in the Boston market as prices tended easier. Occasional small lots of woolen wools sold slightly easier. There was good demand for clear spot noils at about steady prices. Activity in the territory States had subsided and trading in the fleece wool States was practically at a standstill. Limited sales of 12 months and fall wools were made in Texas.

Cabled reports at midweek from Geelong, Australia showed the Continent, Japan and England the principal operators with competition broad and best wools were firm, others unchanged. At Newcastle, the Continent, eastern Europe and Japan were the principal operators with wools selling lower. In South Africa, France and Italy dominated with the United States and England buying sparingly. Long fleece wools were very firm with other wools easier. Trading at New Zealand and South American markets was very slow.

Fleece Wools - Graded low 1/4 blood 46/48s staple fleece wool sold at 95¢ clean basis, while occasional small lots of graded 50/54s fleeces brought from 98¢-\$1.00 clean basis.

Territory Wools - Sales of territory wools were limited.

Texas Wools - Original bag average 12 months good French combing and staple wool sold around \$1.12 while choice delaine type 12 months brought around \$1.18 clean basis delivered Boston. Occasional lots of fall wool sold from 36-40¢ grease basis to the warehouse and was estimated around 90-93¢ scoured basis, delivered.

Mohair - Original bag mohair brought 76½¢ for adult and \$1.11½ for kid hair to the warehouse while straight kid mohair sold near \$1.51½ to the warehouse. Turnover in the Boston market was rather slow but with small sampling orders of matchings from the woolen mills. Mohair top was moved in small lots as follows: Bulk 26s around \$1.70, 28s around \$1.85-1.90, and 32s around \$2.75.

Foreign Wools - Trading on foreign wools was dull. Cabled quotations at week's end follow, with combing wools converted to clean U. S. oil-combed yields and short wools to scouring yields, in bond.
